DR. WELLS

Is Preaching Some Very Able Sermons.

Dr. H. H. Wells is preaching some interesting sermons in the revival services in the First Presbyterian church. His sermons are of a very unique nature for revival meetings and are attracting widespread attention. His discourses are expositions of theological truths which are presented not only in a lucid manner but in a way that makes them interesting to all.

This week the sermons for the different evenings have been of the same series, some new theological subject being taken up each night. Last night the subject was on "The Christian's State." In this was shown the walk of a man after being born into the new spiritual life and also the christian's state after death. This service was more largely attended than any of the former ones, and is an indication of how large the crowd will be to-night. The topic for to-night is "The Gospel provision—For whom made."

of Aldermen is made up of twentyone Democrats, nineteen Republiand two Populists. The Board of
Supervisors is largely Republican.
The result of the municipal elections throughout Wisconsin outside
Milwaukes show the Republicans
gained the greater number of victories. This may be accounted for
by the fact that in many instances
citizens' tickets were placed in the
field. Democratic mayors were
elected in fifteen towns; citizens'
ticket, 22; Republicans, 23.

Thirty-five alderman were chosen, the Republicians securing 19 and Democrats 16. The old 19 and Democrats 16. The old city council contained 32 Democrats, 35 Republicans and one independ-ent. The new council will contain 40 Republicans, 29 Democrats, making an additional member of

Is the Tariff as Applied to Porto Rican Tobacco.

Would Be Fun For American Man ufacturers, But Death to Those on the Islands.

San Juan, Porto Rico, April 1.—
Mr. W. T. Townes, President of the Porto Rican Tooacco Company, who yesterday declared that the proposed tariffs would keep Porto Rico out of the American market, and as the result of it, she would sell to Europe, China and Japan instead of the United States, declared to-day that 15 per cent. of the Dingley rates would prohibit Porto Rican manufacturers from sale in the United States. The raw leaf would pay an average of 5% cents a pound and finished good 77% cents a pound. This would be discriminating in favor of the United States manufacturers to the extent of \$725 on each 1,000 pounds.

"Skilled labor," he said, "is higher here than in the United States, and the passage of the proposed bil would pound porto Rican posed bil would doed profer Rican porto Rican

MEN OPPOSED TO WOMEN.

Two Sexes in a Strange Election Contest at Beattie, Kas.

Beattie, Kas., April 1.—Last year the women of Beattie de-clared against open saloons and gambling dens and nominated a ticket composed of women for mayor and members of the council. Mrs. Tottee, the candidate for

and members of the council.

Mrs. Totten, the candidate for
mayor, pledged the people that if
she and her associates were elected
these places would be driven out,
the streets would be cleaned, new
sidewalks built and Beattie would
be mude a fit town for people to
live in. All these pledges have
been fulfilled and to-day Beattie is
one of the cleanest and most orderly towns of 500 inhabitants in Kansas.

This year the men put up an en-tire ticket against the women. They claim that the female govern-ment, by driving out saloons and jonts, also has driven from the town much business.

DROWNED A CHILD

Terrible Deed of an Unnatural Indian Territory Father.

Wichita, Kas., April 1.—Frank Haskey was arrested at Fry, I. T., and placed in jail to-day. He is charged with murdering his 10-year-old son in a brutal manner. First he held the boy against a red-hot cook stove and seared his skin. Then he took him to a pump in the back yard and tied him under the faucet. He then pumped water on the lad's head until he was drowned. The neighbors came over and took Haskey in charge. Lynching was only averted by the arrival of officers. The son is not known to have committed any offense. Haskey has been in the penitentiary for stealing.

For Laughing Purposes Only.

There have been many less meritorious performances offered topatrons of the more pretentious play houses in Minneapolis than that of "The Girl from Chili," which holds forth this week at the Star theatre. Judged from a dramatic standpoint, it hardly rises to the dignity of any form of dramatic composition, but as the author announces that the skit was written for laughing purposes only," and that the audience undeniably laughs heartly continuously. Playwright Roberts and the company producing his work have achieved success. All but ten or twelve seats were sold last evening, indicating that there must be considerable curiosity to see the girls.
